SNELL, HOSKINS ELECTED

THINKING OUT LOUD

By H. M. L.

There is no use quarreling with vote results. In some respects it's like quarreling with the dead past. It's water under the bridge. But after fourteen long, lean years struggling to meet various government controls, and on every street corner bumping into the minions of the hundreds of federal bureaus that cling tenaciously to their U. S. Treasury teats, we woke up the morning after the election feeling as if a tremendous load had rolled off our shoulders.

But experience tells us that the Republican party, coming into power, after the terrific joyride of the FDR administration and the shillyshallying Truman administration, vaguely reflecting the great dream of his predecessor, will not be able, overnight to lighten the tax burden turn all the bureaucrats out on stubble, and restore good relations between labor and management. In the domestic field it seems to us, these are the first imperatives.

We are very pleased with the California results, especially the election of Senator William F. Knowland. We trust his opponent, Will Rogers, has inherited some of his father's sense of humor. With other candidates across the land, backed by CIO-PAC, he went down to defeat. We surmise the CIO-PAC has overstayed their time on the national stage. Further sharing of the national wealth of the industrious with the sluggards is indefinitely postponed

There was a time, almost 150 years, when every tub stood on its own bottom in this country. Every citizen stood on his own legs, and there was no heavy leaning on the U. S. Treasury as is now the case. We are convinced we shall never return to that time. Rather we see ourselves moving into a socialist era where security is more highly valued than individual liberty. The old days of sudden large fortunes, are probably gone. On the other hand, somewhat as it is in Russia, more men will win their bread by the sweat of their brows than by their wits. A strong government eventually will prohibit free passes or any considerable body of its citizens. In time we shall all be singing the song of the dwarfs in Disney's Snowwhite and the Seven Dwarfs. Labor leaders, with their swollen fortunes and despotic power will be reduced in stature on the national scene, following inevitably and inexorably in the footsteps of "malefactors of great wealth" who were toppled from power under another great Republican, Theodore Roosevelt.

Another aspect of the election in California,, results of which were immeasurably helped by the forthright utterance of Governor Earl Warren, is the enhancement of his chance to become president of the United States. His election at the primaries, beating his opponent on both Democratic and Republican tickets, is a rare phenomenon. His voice over the radio rang with convincing sincerity. His caustic remarks regarding Senator Barkley, who vainly tried to re-elect the unspeakable Senator May of Tennessee, hit a responsive chord in California consciences. May, a national disgrace, has been beaten. In Russia, he would not live long following the discovery of his scoundrelism. In this country he is permitted to live and endure his shame.

In Nevada County we have a new superior judge and a new sheriff taking ofice at the beginning of 1947. It is with regret that we note the voluntary retirement of Judge George L. Jones. His long, faithful and conscientious service to the county, we think, has set a high standard which any of his successors will be proud to maintain. Our cordial respect to James Snell, who soon mounts the county bench.

Sheriff Carl J. Tobiassen, defeated in his try for a fourth term, may comfort himself with the reflection he served three terms in office, which if we are not mistaken is a record in this county. We look forward to the same cordial relationship with Richard W. Hoskins in office that has characterized the twelve years in which Sheriff Tobiassen has served.

The historic Powell and Morgan Building standing on the southeast corner of Pine and Broad Streets, it was announced yesterday, was sold to J. E. Smith, principal owner of the Cardinal Stores, of Sacramento.

Edward T. Powell, who with his mother Mrs. Eliza Powell and sisters, Mrs. Bernice Hotaling and Mrs. H. J. Shaffer owns the Powell interests in the building reports the building contains two stores on the street level and seven offices and a lodge room in the second story.

Powell states that the building was erected in the early 1860's. It is a solid brick structure and stands in the heart of the business district. Powell says that Mark Twain once occupied one of the offices and wrote some his books there.

LAPSED SCHOOL DISTRICT JOINED TO GRASS VALLEY

The Nevada County Board of Supervisors have voted to annex the lapsed Mariposa School district to the Grass Valley Elementary School district. The action was taken following the motion of Supervisor Warren Odell.

Walter A. Carlson, county superintendent of schools, made the request for action in the matter. The board had a choice of dividing the Mariposa district between the Lime Kiln and Forest Springs school districts and annexation to the Grass Valley district. Supervisor Frank Rowe reported that neither of the boards of trustees of the two rural districts desired to absorb the lapsed district.

RANGERS MEET TO IMPROVE FIRE FIGHTING

NEVADA CITY: The annual fall meeting of the Tahoe national forest is in session this week at Nevada City, according to R. V. Conrad, administrative assistant. District rangers in attendance are Rittenhouse, Camptonville; Delaney, Downieville; Land, Sierraville; Snider, Truckee; Williamson, Big Bend; Barnes, Nevada City and Acting Ranger Nichols, Forest Hill. In addition fire control assistants Stone, Wright, Toccalini, Throop and Pitney accompanied the rangers.

Regional fire control officer Geo. Gowan of San Francisco is also participating.

Conrad stated that all major fires would be analyzed, with possible improvement in suppression and prevention being discussed. The main problem still is man caused fires and special study is again being given toward reduction of "smoker" fires which were the main cause of the man caused fires.

The meeting will terminate Friday evening after which a dinner-dance will be held for all Tahoe forest personnel, their ladies and guests.

TWO YOUTHS TO APPEAR IN JUVENILE COURT

GRASS VALLEY: Lawrence Smith 16, and Joe Cosgrove 17, two Peardale youths, charged with armed robbery of Mrs. Lester Dilts October 28th, and arraigned before Justice of the Peace Charles A. Morehouse, were bound over to the juvenile court.

The two boys were arrested Friday by Sheriff E. J. Kenison of Placer County in Auburn. Mrs. Dilts told the authorities that the pair entered her home and threatened herself and son, Cliffie, 5, with a .22 calibre rifle for almost an hour. They finally took her purse and on leaving fired a bullet through the ceiling.

FRANK HANSON KILLS TWO BROWN BEARS

GRASS VALLEY: Frank Hanson, state trapper, of 231 South Church Street, Grass Valley, this week killed two big brown bears, one of them on the main street of Graniteville, three doors down from the hotel.

The other bear, which weighed 400 pounds, had been destroying an orchard at Lake City.

Hanson skinned the bears and presented the pelt of one to a resident of the hotel in Graniteville.

BALLET RUSSE COMING TO STAGE IN SACRAMENTO

A well rounded program of the new works and standard favorites make up the repertoire of the famous Ballet Russe de Monte Carlo, which come to Sacramento's Memorial auditorium for one performance Saturday evening November 16.

The celebrated Alexandra Danilova as prima ballerina and Frederic Franklin as premier dancer, will head a large company of nationally known ballet artists, numbering 125. A full symphony orchestra will be conducted by Ivan Boutnikoff.

The four ballets to be seen in Sacramento will include the following: Agnes De Mille's Rodeo—or the Courting of Burnt Ranch, a truly American production which made a tremendous hit as its premiere at the Metropolitan Opera House; Concerto Barocco, George Balanchine's new ballet to the music of J. S. Bach: The Night Shadow, the story of a masked ball danced against the sombre walls of a decaying castle, with Danilova and Franklin as the featured artists; and the classic pas de deux from Classique after the pattern of pure Russian ballet.

Billed as the one and only Ballet Russe de Monte Carlo the company is one which introduced ballet to America several years ago and is the forerunner of many ballet companies which have come into existence since.

Reservations for the Ballet Russe de Monte Carlo performance here are being made now at the Ware-Hazelton box office at Weinstock-Lubin's.

HEAVY VOTE PUTS IN NEW OFFICERS

NEVADA CITY: Final figures in the election Tuesday, complete from Nevada County's 42 precincts, show James Snell elected superior judge and Richard W. Hoskins, sheriff.

Snell polled 3641 ballots against Vernon Stoll's 3125 in the race for superior judge. Hoskins received 3866, compared with Sheriff Carl J. Tobiassen's 3014.

Total vote cast was 7097 of a total registration of 9950, or better than 70 per cent. Four hundred absentee ballots will be counted by the board of supervisors on November 22nd.

County Clerk R. N. McCormack states that these can not change the final result.

John T. Curry won election to constable of Nevada Township by a vote of 1298 to 752 for his opponent, Marcum Baker.

In Truckee, the new cemetery district in Meadow Lake Township was formed by a yes vote of 598 over 147 noes. Annexation of the territory adjacent to Nevada City to the Nevada Cemetery District was also approved.

In the superior judge election, Snell carried both the Grass Valley and Nevada City precincts, totaling 1192 in Nevada City as compared with Stoll's 768. In Grass Valey Snell led 338 to 286. The score in Truckee was Stoll—182, Snell—163 (including Soda Surings.)

Tobiassen carried Nevada City precincts 1248 to 764, but Hoskins, in his second race for the office of sheriff, won a powerful majority in his home town, leading 2601 to 1279. Hoskins won in Truckee, too, 181-143.

Notwithstanding a big Democratic majority in county registration, voters in this area went Republican in strong force. Earl Warren already elected governor, got a complimentary vote of 3372.

Senator William Knowland whose strong stand on Yugo-slavia when addressed civic leaders in Grass Valley was well remembered got 3375 votes against Will Rogers, Jr. 2794. Goodwin Knight won a majority of 3540 for lieutenant governor over Jack Shelley.

Republican Fred Howser won in this county as in the rest of the state. His majority here was 3415 over Edmund Brown's 2707.

TUT-TUT DEPARTMENT

A Nugget reader had an interesting experience in a certain polling booth on Election Day. Seems this person had decided to follow the Nugget recommendations on the Propositions.

But when she arrived in the booth she had forgotten to bring a copy of the newspaper with her.

Lo and behold, A THOUGHTFUL CHARACTER had pasted the recommendation clipping to the writing board in the booth.

Ah, well, enthusism is nice, and we are glad our recommendations were of interest to our readers—still, such activities are strictly non-regulation—to put it mildly.

So, to the unknown Nugget enthusiast, we say—Tut-tut!

JUST WONDERIN'

I wonder if good ship, Hope of the World
Will sail through a tranquil sea,
Bearing her cargoes of priceless worth,
Peace and justice and liberty;
Will she jettison fear and doubt and hate
Or is that too much to say
And must she wrestle with angry tides
In the same old chartless way?

I wonder if the good ship, Hope of the World will some day be pronounced sea worthy and sent out from the harbor of Splendid Dreams to complete a well charted vokage and deliver her gifts of peace, liberty and justice to a waiting world.

We pray for a shining day to come, but we do not believe our prayers will be answered. We pray that a Parliament of men—a Federation of the World may be established upon this earth of ours, but we demonstrate a lack of faith in the efforts of those who are working for the furtherance of such desirable ends.

What would happen if we truly believed when we pray? Why, then each one of us would strive to answer his own prayers. We would think, talk peace and wage peace with the same determination which we displayed when we were waging war. Then who knows?

A young lady journalist, brighter of the well known news analyst, Cedric Foster, displayed marked evidences of genius as she described the sights she had looked upon in the war torn areas of the old continent. "There are great gaping holes in many buildings, through which one sees shattered starways, leading nowhere."

Our continent was mercifully preserved from such utter devastation We have no buildings with great gaping holes in their outer walls, we have no shattered stairways leading nowhere; but we have many a crooked path which lead nowhere, or to the regions of unreason from which it may be impossible to find a safe return. Sometimes I feel that we are people of little faith.

It is not going to be an easy task to scrape the barnacles of doubt and fear from the ship, Hope of the World; it will take time and patience to trim her sails and make her ready for the voyage into untried seas. It will require upon our part, self discipline and self sacrifice to jettison our supicions and misbeliefs our intolerance, false values and our hatreds; we shall need sturdy faith in our selves, our nation, our leadership and in our one world, to gather needed supplies of freedom, peace and justice and learn to say with assurance and from our hearts, "bon voyage", when we are ready to launch the Hope of the World and send her forth on her errands of good will and mercy to a weary and waiting world.

Uncle Silas says: "Of course our suspicions and our pet aversions are not indications of our lack of intelligent use of reason. Perish the thought."—Adeline Merriam Conner.

EVER NOTICE that customer's feet have worn twin holes in the linoleum in the Bank of America in front of each of the cashier's cages? And that the left hand, or left foot, holes are worn bigger and deeper than the rgiht foot holes? This should give some scholar a theme for a disquisition that people's left sides are heavier than their right. Or is it that they are digging in their right hand pockets as they stand before the window? And thus shifting their weight off their right foot?

Ever notice the gay wallpaper in the dining room of the Deer Creek Inn? It represents some scene in Southern England or Northern France, in the 90's, with people in costume promenading on the broad walks of a sea side town. Tres gay, but most customers are probably so engrossed in steak and conversation that they never notice it.

Ever notice that at this particular time of year, the golden Lombardy poplars stand out against the russet fall colors of the other trees like great gilt fingers pointing to Heaven?

Ever notice the stop sign at the top of Nevada Street hill? No? Neither does anyone else, except to curse it for being in the wrong place and drive on without stopping.

Ever notice the deathly quiet in a print shop when the presses stop their rhythmic clanking? The noise may be discordant, but it's not unpleasant, because every time those presses turn over, they earn a small fraction o a cent, even in these times.

Ever notice the attitude of candidates at election time? Supercharged with friendliness and walking on eggs and don't blame them, be the same ourselves if the tables were turned. As the big day rolls around, must seem like the least little thing in a close election could turn the tables.

Ever notice the week end influx of hill side keddiktehs who come down from the backwoods to celebrate being alive in the glow of our town's relatively bright lights? Rugged, what?

Ever notice the social groups in the various grog palales merrily tucking away firewater from 10 a. m. on? Such stamina!

Hope you noticed that the sudden slump in retail business about the middle of September is tapering off now into comfortable busy-ness and business. I gauge business by the number of people in the bank, and for a while there, it was practically deserted except for the clerks. The normal throng of depositors and withdrawers is now back in the lobby of that institution, we are happy to report.

Ever notice that the four mile road between Nevada City and Grass Valley should have been made into a four lane highway about ten years ago? Now, what would really be good for a permanent convenience in this case would be a six lane highway.

Paul Champions Freedom, Brotherhood — ILLUSTRATED SUNDAY SCHOOL LESSON

By Alfred J. Buescher

Scripture—Acts 15:1-36; Galatians 2, 5.

Certain men came to Antioch and taught that Gentiles could not belong to the church unless they obeyed the Jewish law in every respect; and Paul and Barnabas argued with them.

Finally Paul and Barnabas were chosen to go to Jerusalem and lay the matter before the elders. They passed through Phoenicia and Samaria, declaring the conversion of the Gentiles.

In Jerusalem after discussion and some dissension, it was decided to write to the Gentiles telling them they need not be circumcised, but must obey only certain of the laws of Moses.

Paul, Barnabas, Judas and Silas were sent to take the letters and they read them to the Gentiles in Antioch who rejoiced greatly.

MEMORY VERSE—Gal. 5:13.

This is the Golden Text for the Christian Science Lesson-Sermon for Sunday, November 10 The subject is Adam and Fallen Man.

Included in the sermon are these citations:

Luke 13: 11, 12. And behold there was a woman which had a spirit of infirmity eighteen years and was bowed together and could in no wise lift up herself. And when Jesus saw her he called her to him and said unto her. Woman thou art loosed from thine infirmity.

Science and Health with key to the scriptures by Mary Baker Eddy. When Christ changes a belief of sin or of sickness into a better belief then belief melts into spiritual understanding and sin, disease and death disappear.

NEVADA CITY HIGH SCHOOL HIGHLIGHTS

By HENRY MURPHY

Nevada City, third in the Sierra Foothill League, has played an exceptionally fine season this year with an even greater chance of coming in second if they win from the Grass Valley Miners Armistice Day in Grass Valley. With only the Miners and the Yuba City Honkers ahead of her in the league, the Yellow Jackets will really give the Miners a good fight for a place in the league.

Members of the varsity who have played exceptionally well this fall are Keith Marsh, right guard, Hubert Stroh, left half, Dale Berger, center, Dave Tobiassen, right half, Ken "Rabbit" Ronningen, quarter, Charles Hawkins, Doyle Roche, left ends, Ray Nelson, right tackle and the remainder of the varsity with Coach Abbott who really put in time and labor to put the team where they are at present in the league.

Keith "Muscles" Marsh was selected as the best player for the varsity and anyone who has witnessed Keith in action will surely agree.

Even though the Bumblebees under Coach Miller had less fortunate season they showed plenty of spirit nad good sportsmanship that Nevada City has long been famous for. Their league standing is as follows:

Placer-Bumblebees won 7-6.
Marysville—Lost 19-0.
Roseville—Lost 18-0.
Yuba City—Lost 26-6.

John Morrison, varsity player, is improving rapidly at the Miners Hospital, after having his leg broken early in the season while playing Sutter Creek.

Fred Anderson, full back for the varsity, is also recovering at the Miners Hospital from a badly sprained knee received in the Roseville game last Friday.

LAS ROMANCEROS

The Las Romanceras Club, consisting of all foreign language students, held their bi-monthly meeting Tuesday, November 5, at which time the Spanish class provided entertainment. A series of slide pictures depicting Spanish life, architecture and customs as well as other interesting subjects were shown. Jackie Sheldon provided appropriate comments. Light refreshments were served by the Spanish III class.

Veterans' News

About 100,000 veterans who served this country honorably in time of war are not citizens of the United States. Until the end of this year they may apply for quick citizenship under the Second War Powers Act.

This law which expires on Dec. 31 of this year is of primary importance to alien veterans who enlisted or were inducted before Dec. 28, 1945. The law offers these advantages to a veteran who wants to become a citizen:

1 He is not required to file a declaration of intention.

2 He need not have lived in the country any specified length of time.

3 He is not required to speak the English language or meet educational tests.

4 He is not required to pay any fees for filing his petition for naturalization.

Those interested should apply to the nearest office of the Immigration and Naturalization Service of the Department of Justice.

Q: What is meant by "term" insurance?

A: Term insurance is temporary protection. The GI insurance that most servicemen and women took when they entered the service was term insurance. The premiums on this insurance go to pay for the protection it ofers, and the policies do not accumulate cash or loan values. All term insurance must be converted to some permanent plan before the "term" expires.

Q: Will the Veterans Administration pay for correspondence courses under the GI bill?

A: Yes. If the veteran qualifies for educational benefits under the servicemen's readjustment act, the VA will pay the contracted price for the approved correspondence courses he may went to take. He will not be paid subsistence, however.

Q: May a veteran file a claim for disability compensation a year and after discharge from the service.

A: Yes, if he honestly believes that his disability is due to his service he may file a claim at any time. He should submit all evidence concerning his present state of health and its cause to his nearest VA office. A contact representative there will help him file a claim. However, in order to make his claim retroactive to his discharge date, he must file within one year.

Q: Could I finish my college education in Switzerland at government expense under the GI bill?

A: Education in foreign schools is possible under the servicemen's readjustment act provided the school you wish to attend has been approved and you have been accepted by the school and provided of course, that you are eligible for educational benefits. Transportation is not paid, however. You should check with the nearest VA office for complete details.

Air Forces To Sell Constellations

McCLELLAN FIELD, Nov. 4—The Army Air Forces few remaining Lockheed C-69 Constellations will be declared excess to its needs and certified to the War Assets Administration as surplus, General Carl Spaatz announced recently. This will include only ten airplanes.

The Army Air Forces originally contracted for 260 C-69s but on August 14, 1945 only 15 had been delievered. The contract was terminated on VJ day for reasons of economy.

Of the five airplanes not being declared surplus, one was lost in essential structural tests; another crashed and was destroyed; and the three remaining were returned to the Trans-World Airline who held the original contract with the Lockheed Company and who also held an option with the AAF for the purchase of any of the C-69s remaining on the original contract after the end of the war. TWA elected to purchase only three.

The C 69s to be declared excess are the first Constellations manuactured and the cost of modifications to bring them up to present day standards with the added cost to acquire a stock of spare parts for so few airplanes make the action to be taken advisable from an economic and operations viewpoint.

My Hearty Thanks

to the voters of Nevada County who have elected me to the highest county office. I could not have been chosen Superior Judge without the devoted assistance of many friends, some of them boyhood friends. I especially extend my thanks to all who thought well of me and voted for me. I shall strive humbly and with all my power to merit the confidence Nevada County has reposed in me.

From where I sit ... by Joe Marsh

Who Gets Off Easiest— Men or Women?

Maybe you saw that poll on who has the easiest life—men or women? Of course, the men voted that the women did, and the women vice versa.

It would be the same in our town—take any family. Thad Phibbs envies his Missus spending the day at home, with no hot office to attend to. And Sue envies Thad his luncheons with the boys; and his evening glass of beer with friends (while she cleans up the dishes in the kitchen).

Of course, none of it goes very deep. Thad knows way deep down that the Missus has plenty of work running a house; and Sue knows Thad's friendly glass of beer is well-deserved relaxation after a long hard day's work.

From where I sit, most husbands and wives may grumble now and then — but they know in their hearts it's a case of live and let live, give and take, that comes out pretty even in the end.
